The Things People Think We Don't Do, We Really Do Do.

We suppose you can't really blame people for not realizing a true fact.

We're the best vintage car shop in town, so lots of people just assume we don't offer:

STREET CAR PREVENTIVE MAINTENANCE – Oil changes, lube, shocks, brakes, exhaust, front drive service – we do it all!

UPHOLSTERY – Choose from the same wide range of colors and styles you find anywhere.

BODY WORK – Our specialists have always been first class in aluminum body repair and fabrication. Surprise – we do steel and fiberglass, too!

PLUS -- We still offer the other quality design and fabrication services we've built our reputation on.

So if you take it to the street, take it to us – the car experts who really do do.

RE VIEW WITH BILL JOHNSON

PDX FUN

Sometimes it's just as much fun to sit back and watch others have fun – the PDX is one of those times. We had approximately 14 entries on a day when the temperature on the asphalt exceeded 150 degrees. Entries included Corvettes, Vipers, PDX regular Walt in his trusty Rabbit and our Regions own auto-crossover, Ben Rodriguez in his Mustang.

I had the opportunity to ride with two young kids (in their early 20s), one from Topeka in an Acura Integra and the other from Overland Park in an Infiniti G35. Both nice cars and both had made some effort to prep their cars for the event with performance tires, brakes and some other small things. Riding with a PDX student is always interesting – most are intent on improving their driving, controlling their cars and learning how to drive the track and improve their lap times. Others could be an episode from TV's "Fear Factor" and leave you clinging for life to anything you can hold on to inside the car. I was lucky, both of the kids I rode with fit in the first category.

After a couple of sessions with both of these kids I asked them about getting involved with SCCA or just coming to a meeting to meet some of our people and see what SCCA was all about. I was totally surprised to find out that no one had asked them about getting involved in the club to this point. Here were two kids, both total car enthusiasts, both had done a track day at Heartland Park and both on the track at an SCCA event and yet neither had any concept of our club or any of the other things we do.

The point of all of this is that people will not become involved in SCCA unless we personally ask them. We have great people, we have lots of fun with our cars and we have a great club but we need to be more active in extolling our own virtues. The PDX is a great tool for us to get people on the race track but it's up to us to get them involved in SCCA. Will my two PDX students become involved in SCCA in the future? Maybe, maybe not, but the answer is definitely not unless we ask.

Special thanks to Jim Wheeler for all his work on the PDX. His enthusiasm and passion for the PDX is truly contagious and watching him with the students is almost as much fun as watching the students themselves.

Also thanks to Chris Martin – KC Region member and former Spec Miata driver. Chris came to run the PDX in his Dodge Viper but ended up loaning us the Viper to use as a pace car for the regional races on Saturday. Chris ran the first 2 sessions of the PDX on Saturday and at the end of the second session, pulled in a lap early and parked in pit lane so the Viper was ready to use for race group 1 which was the next group on the track.

SOLO NOTES

The Board of Directors approved the purchase radios for the use at the Kansas City Region Solo events. These radios are considered Business Style Radios and should provide better communications for the Solo Community. They will be used for the first time at the July 30th event. The Board has also approved this year the purchase of timing software and equipment allowing announcements to be made over an FM radio station .

Have you noticed that Solo II is now just Solo? Has to do with the Time Trials now being hosted by SCCA.

EVOLUTION SCHOOL, KANSAS CITY STYLE

Kansas City will be hosting their first Evolution School this fall. The dates are September 15 and 16. This is just 2 weeks before Nationals so you can work on your skills. Schools are now being scheduled for Friday and Saturday with the possibility of one on Sunday.

There will be one or more each Level One and Level Two schools in Kansas City at Truman Sports Complex. The cost is as follows;

\$240 for one school and \$230 for the second school, should you take more than one.

Along with the Schools you will get a certificate for a free KCRSCCA solo event, good over the next year. A Solo is planned for Sunday so you can practice your newly found skills.

For more information about Evolution Autocross schools go to www.autocross.com/evolution.

The information for these articles was found at MoKanMotorsports Forums

The Kansas City Region
Sports Car Club of America
General Meeting, July 4, 2006
Creek Pub and Grille
9916 Holmes Rd., KCMO

The July general meeting was called to order by the assistant RE, Charlie Smith. He called for a motion to approve the minutes of the June meeting as printed in the Checkpoint. Rodney Gieble made the motion, there was a second and the motion passed. There was no Treasurer's Report.

Niel Leon reported for the Solo Group. There was good attendance at the Subaru Challenge and the autocross the next day. New radios have been ordered and will be in use at the next event, July 30, 2006. An Evolution School is being planned for mid-September. This should help our members who will participate in the Nationals 2 weeks later.

Jim Wheeler reported for the Race Group. Several KCR members traveled to Hallett, OK. to race over the weekend.

Norma Williams reminded members the annual picnic will be October 21 and will be held at the Willard King farm. She also reported we have 583 members.

There was no news from the Area 6 Director, Charlie Clark.

There being no further business, the meeting was adjourned.

Respectfully submitted,
Gini Ragan
Secretary

YAKETY YAK

Dear Mom:

On Saturday, June 3rd Ken Snyder was promoted to Staff Sergeant in the Air National Guard. He is with the 190th Air Refueling Wing at Forbes Field in Topeka. Congratulations, Ken.

The 50th anniversary of Jim Peterson's parents is in September but the family will celebrate the occasion with a cruise to Alaska the first of August. Jim will be unable to make the cruise so he will fly to Alaska to help them celebrate.

Ellen Wolf was one of 50 artists exhibiting their talents at the "Juried Art Exhibition of KS/Mo Women Artists at Penn Valley's Carter Art Center in July. There were 80 exhibits on display from the submission pool of 116. Ellen, was one of the few participating artists who took on a woman-centric theme. One of her three pieces - "Eve Wear" "Buttoned Up Ambition" and "Corporate Armor With Glass Ceiling Helmet" - earned second place honors for this exhibition. Her display was of three mannequin torsos in wooden cases; each mannequin wears a suit of armor assembled of symbolic materials including fake snakeskin and leaves, buttons and bits of copper.

Brittney Williams flew to Atlanta, GA to visit her friend, Andy Rickert this week. Andy's family and Brittney then drove to Wilmington, NC to spend a week on a secluded beach. This is an annual get-to-gather for all of their family.

Melissa Bennett will be in England on a work assignment for the next 6 months. David will be sent over to England occasionally for work also. They plan on making some week end visits to Europe. David said he would like to go see a F1 race while in Europe and possibly tour some race prep shops. Both Melissa & David work for the Cerner Company in Kansas City.

Hayden & Hunter Smith from Texas spent a week with their Grandma & Grandpa Smith. They tried out the go-karts in Raytown. This is the first time they were tall enough to drive them "solo". They spent 2 days and nights with the Bill & Nancy Johnson family. Charlie, Sharlene and boys were in Pueblo, CO for the double national SCCA race (Charlie got two finishes). They then parked the motor home at Colorado Springs and took a rental car to the Royal Gorge, toured the Garden of the Gods and saw the Seven Falls, before heading back to Kansas City. The boys have now returned to Texas and are looking forward to their next visit with Grandma & Grandpa.

Chris Essig (son of Al & Sue) and Rebecca Pumain will be married on September 9th, 2006. They will be married in an outdoor ceremony in Belton, MO. They will make their home in Belton with Rebecca's daughter, Dihanna, who is 14 years old and will be a freshman in Belton High School.

An email from Jim Wheeler informed Mom that Fred Gaulter is busy racing in Florida. In June he was 10th in points in division with two races completed. The first of July he finished 4th at the Roebling Road national. So it looks like he may be trying for the Runoffs.

Our condolences to Carl Jakopec, a former KCR member and Heartland Park worker, on the death of his wife, Carol. Carl and Carol moved to Las Vegas, Nevada several years ago and built a new home.

THOUGHTS AND NOTES

From the Editor

I have been thinking about volunteers for the Runoffs. You may have heard the rumor that you have to have a National License to work the Runoffs. My sources tell me that that requirement has gone away, and I am thinking where else could you learn from so many with so much experience? Today, when I checked, there were 334 workers registered including Stewards; only 17 of those were from the Kansas City Region and 2 of them were dual members. This a little better representation than we have had at the last few Runoffs, but this one is only 50 miles away! The deadline for registering is Sept. 1, 2006 although the on-line registration says the closing date is Oct. 7. On the registration form, you are asked what days you can work. You are welcome to work every day or just one day, but the one thing you must do, is pre-register! You cannot show up on Wednesday and get admittance to the event. So I am encouraging you all to register NOW; if you find later you will not be able to attend, you can cancel via email or phone. You will find a Worker Registration Form somewhere in this Checkpoint for those who do not have internet access or you can go to SCCA.Com, Club Racing, Runoffs and then Volunteer info and registration. I hope a lot of you are planning to participate; it is an experience!
