DRIVERS MEETING

There will be a mandatory driver meeting on Saturday, July 18, time and location to be determined. Social distancing is mandatory for this meeting.

PRACTICE

Please see the event master schedule for practice time

RACES

Races will be 75 minutes in length regardless of number of laps run. There will be a mandatory three-minute pit stop at any time during the race. See the event master schedule for race times.

DRIVER CHANGES

Driver change is optional. Teams can consist of one or two drivers, and drivers can decide whether they each run one of the 75 minute races or they split time each day. All cars will be required to make one 3 minute stop during each race. They can either switch drivers during that time or simply wait for 3 minutes in their pit stall. Visual and fluid checks will be allowed during that time as well as taking care of drivers (ie giving him a bottle of water, changing ice in their cool suit cooler.) If the team is not switching drivers, driver must stay in car and strapped in unless he/she feels they need to get out in which case race officials will make determination when that driver will be allowed to get back into their car. Teams can also switch drivers during their 3 minute stop as well. Clock will start when car comes to complete stop in their pit stall and race officials will keep time.
